JOSEPH CONRAD
OVERNIGHT SAILING CAMP
WELCOME ABOARD

We’re excited that you will be joining us at the Joseph Conrad Overnight Sailing Camp at Mystic Seaport Museum this summer.

Since 1949, the Joseph Conrad Overnight Sailing Camp experience has included daily sailing instruction on the Mystic River, traditional seamanship activities throughout the Museum’s campus, and accommodation aboard the historic full-rigged ship. Built in 1882 in Copenhagen, the ship was originally used to train youth for the Danish merchant service and later circumnavigated the world with an international crew of boys. We are proud to continue the Conrad’s tradition of youth maritime training to this day.

This handbook will help prepare you for your week-long adventure, but please don’t hesitate to contact us with any further questions.

The Joseph Conrad Crew
PROGRAM HISTORY

This is the 71st year of sailing programs on the Conrad! The Mariner Training Program, which later became the Joseph Conrad Overnight Sailing Camp, was established in 1949. Today the camp hosts approximately 300 campers every summer.

The Joseph Conrad

The Joseph Conrad, originally named Georg Stage, was built in 1882 as a training vessel for youth preparing to enter the Danish merchant marine. The ship later changed owners, was rechristened Joseph Conrad after the famed maritime writer, and then circumnavigated the world with a crew of young men. She eventually ended up as dockside barracks for the U.S. Maritime Commission during WW II. In 1947, the U.S. government deeded the Joseph Conrad to the Marine Historical Society to run youth seamanship programs at Mystic Seaport Museum.

Dyer Dhows

This is also the 71st year of Dyer Dhows at Mystic Seaport Museum! The core instructional boat at the Joseph Conrad Overnight Sailing Camp is the 9’ Dyer Dhow, which is a multi-use sail and rowing boat originally developed as life boats during the WW II. The boats are durable and fairly easy to operate, which makes them ideal platforms for new sailors. The Dyer Dhows and their colorful sails are a summertime fixture on the Mystic River and have been the learning vessel of choice for thousands of sailors.

ADDITIONAL INFORMATION
Accommodations
The Joseph Conrad has been outfitted with comfortable and modern living quarters for up to 50 campers and staff. Each camper has a bunk with a comfortable mattress. The
ship has flush toilets, hot water showers, electricity, heat, air conditioning, and a fire suppression system.

Healthy, balanced meals are served at The Galley Restaurant in the Museum. Given advance notice, we can accommodate most dietary restrictions.

Health & Safety
Safety is our first priority at the Joseph Conrad Overnight Sailing Camp. All staff are certified in Red Cross first aid and CPR/AED. All staff are also certified in medication administration, and they have been trained to prevent and respond to emergencies on and off the water. We adhere to strict policies regarding safe powerboat operation, concussion response, and on-the-water management. Our staff includes Red Cross certified lifeguards, US Sailing certified instructors, and U.S. Coast Guard licensed captains. All staff and campers wear PFDs and sunscreen and carry water bottles at all times while on the waterfront.

The Sailing Center operates a well-equipped first aid station. In the event of a more serious incident parents will be contacted and your child will be transported to Pequot Medical Center or L & M Hospital, both less than 10 miles away.

Homesickness
It is not unusual for campers to be a little homesick for a day or two after their arrival. By the second or third day, campers are usually so absorbed in our activities that they forget having felt homesick at all. Our staff will work with homesick campers to help them make friends and adjust to their new environment. Only in severe and persistent cases of homesickness will we call home. Avoid making deals with your child about coming home if they try camp. If they know they have the option to come home, they may be less likely to try to adjust to camp.

**Visiting Camp**
We believe camp provides an opportunity for youth to acquire self-reliance and bond through immersion in a new environment. We ask that family and friends refrain from visiting campers during their stay.

**Camp Photos**
Camp staff takes hundreds of photos during each week of camp. Photos are uploaded to our secure Google photos account and shared with parents at the end of the week.

**Community Standards**
*Conrad* campers and staff are expected to meet high standards of character and responsibility.

All campers participate in keeping our facilities “shipshape” and caring for our sailboat fleet.

Even if attending camp with a close friend or family member, campers are expected to engage with the entire camp community and model a friendly, respectful, and open-minded attitude toward everyone.

Teamwork and kindness are fundamental to everything we do at *Conrad Camp*.

Mystic Seaport Museum provides an inclusive environment
where we embrace diversity. All campers are accorded personal privacy and are treated in accord with the gender they are expressing. Our most important focus is on ensuring that all campers have a safe, fun, and enriching experience while they are with us.

Please ensure that these expectations are clear to your child.

Please note that any camper who exhibits behavior that is harmful to themselves or to others, including but not limited to bullying, theft, dishonesty, or disrespectful actions or language, or whose behavior persistently violates camp community standards, will be dismissed without refund of tuition. Camp administrators assume the right to determine when such an incident has occurred.

Any camper found possessing or using alcohol, illegal drugs, or weapons will be dismissed from camp immediately without refund of tuition.
